The mission of the Hawaii Flute Society is to continue the legacy of Honolulu Symphony Principal Flutist and educator, Jean Harling (1923-2016), by:

- nurturing the talents of Hawaii's flutists of all ages and abilities through educational programs and ensemble playing.
- creating more performance opportunities for Hawaii's flutists ranging from formal concerts to community outreach at our local community centers, hospitals, care homes and schools.
- engaging the greater Hawaii community while promoting a deeper understanding and appreciation for flute music and music in general.
